

CORRIDOR LIGHTS

The LED light is a multi-colour corridor light LED priority indicator designed to give a visual indication of calls and priority levels. These are typically installed in corridors and above doors to indicate location of active call. LED lamps have three modes; steady, flash, and fast flash to further differentiate priority.

Features:

- High intensity three colour indicator
- Bright and easy to see
- Shatterproof and heat resistant plastic lens
- Three independent colour zones in four colour options (red, green, amber or blue)
- Aesthetic unobtrusive design
- Optional audio indication
- Broad viewing angle
- Visible from a 75m distance
- Three modes (steady, flash, or fast flash)
- “Follow me” functionality
